Disclaimer

This disclaimer is important and requires your immediate attention. This document (the "Information Brochure" or "Document") constitutes the basis upon which you may make a Loan Offer to the Borrower which the Borrower may accept on the terms and conditions set out in this Document.

You should not make a Loan Offer to the Borrower as set out in this Document except on the basis of the information published in this Document and the Key Commercial Terms (see format on page 22).

Your attention is particularly drawn to the "Risk Factors" which are set out on page 19-21 of this Document. You should consider carefully whether the Loans are a suitable financial commitment for you to make in the light of your personal circumstances. The Loans will become a secured debt of the Borrower but may not be a suitable financial commitment for all recipients of this Document. The money that you lend to the Borrower as a Loan (your "Capital") is at risk.

Making a loan of this nature involves a degree of risk. It may not be possible to sell or realise the Loans before they mature or to obtain reliable information about the risks to which they are exposed. The Loans will be a debt of the Borrower secured over all of its assets under a debenture constituting a fixed and floating charge. However, there can be no certainty or guarantee that any realisation of such assets through the enforcement of such security will be sufficient to enable the Borrower to repay all or part of the Loans or the Borrower's liabilities thereunder.

What are PDLs?

Property Development Loans (PDLs) are a new type of Loan offered by Crowdstacker. Each PDL is made directly against individual property developments. To reflect this increased level of risk the PDLs offer a higher rate of return than previous investments offered by Crowdstacker, and are intended to be held by each Crowdstacker lender as part of a broad portfolio of investments to maintain a comfortable risk exposure. Full details for each PDL are outlined in the relevant Investment brochure.

Loan Summary

Kent Housing Developments Limited is borrowing £650,000 via a Property Development Loan (PDL) on the Crowdstacker investment platform. It plans to build 35 new homes on a site in Great Mongeham which is a small village on the western edges of Deal in Kent.

The PDL is a mezzanine loan, with a senior lender, Triple Point, in place which will be lending £7,832,500. Both loans will replace previous financing which was used to originally purchase the land.

The Loan will be secured by a second charge over the land and properties (as they are built), a second ranking debenture, and a Personal Guarantee from the two directors of Kent Housing Developments Limited, Ronald Moss and Inderjit Athwal.

Work is ready to commence on site with planning permission (Dover District Council: 18/00764) already obtained to demolish existing structures, clear the site and construct 35 new homes. The entire new development will comprise of 10 affordable two and three bedroom houses, and 25 privately owned three, four and five bedroom houses. All will have private gardens and parking, some with car ports.

The properties have a total GDV of £12,050,000. The site is currently split into five titles which are all owned by Kent Housing Developments Limited. The full cost of construction is estimated at £5,319,000 which includes professional fees, a contingency and CIL liabilities.

The current site value (with planning permission), as stated in a RICS valuation report, is £3,400,000.

The Borrower estimates construction will take 18 months, and a further six months will be required to sell the properties. Due to the large size of the development the developer anticipates selling some of the houses 'off-plan' to stagger the release of properties onto the market, and it is understood offers have already been received (though not yet accepted) for a few of the affordable houses.

The sizes of the 25 new privately owned properties varies from 850 sq.ft. for the two-bedroom houses, to 1604 sq.ft. for the largest four bedroom home. Estimated sale prices for these houses range accordingly, depending on size and number of bedrooms, from £325,000 to £575,000.

What are Property Development Loans

Property Development Loans (PDLs) from Crowdstacker are a type of mezzanine finance for property construction or redevelopment projects, and which is used to top up lending from a senior lender (usually a bank or building society).

Property developers face the problem of meeting building costs, such as the cost of the land, building materials, labour and professional fees, before a property has been successfully marketed and sold. A bank or other senior lender will not normally finance the full costs of a project, expecting the developer to find the remainder themselves, and because these funds are not always accessible, mezzanine finance is used. Usually mezzanine finance is secured against the value of the project as a second charge behind the senior lender. The loans will also be secured over the assets, property and undertakings of the property developer via a second ranking debenture given to the Security Trustee on your behalf.

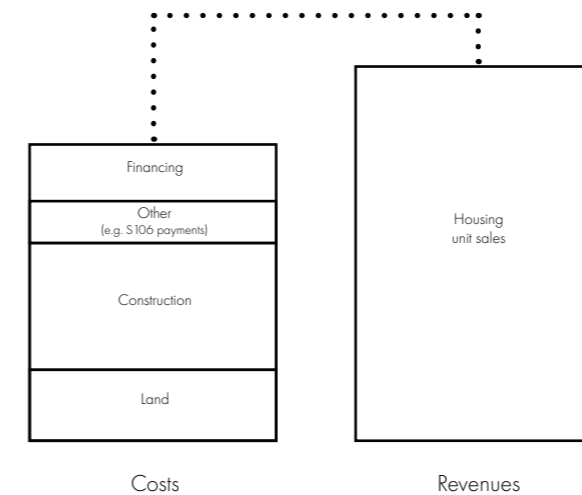

Mezzanine finance is a riskier type of funding than senior loans as they take lower priority in repayment. For this reason it offers higher potential returns.

Advantages to the lenders include confidence in the robustness of the project which will have been thoroughly assessed by the senior lender even before going through the due diligence processes of the mezzanine lender. Disadvantages include that, as a second charge loan, the mezzanine lenders are only repaid once the senior lender has been repaid. To help mitigate this PDLs will only top up development finance to a total of 75% Loan to Gross Development Value, meaning that the final sale value achieved can fall by up to 25% of its predicted value before it affects the ability of the developer to repay the debt in full.

PDLs are P2P Loans which are eligible to be held as part of your annual ISA Allowance and it is possible to transfer in previous years' ISA money from your existing ISA investments.

Sample project costs

Housebuilders have to service costs to build properties, before they receive revenues from unit sales, creating a funding gap.

Overview of Development

The site is in the Kent village of Great Mongeham which is on the western edges of Deal in Kent. It is a largely rural location mainly comprising of residential properties. The land had been occupied for many years by Stalco Engineering and various buildings still stand which will need to be demolished and the site cleared before construction can begin. There is currently one access road providing vehicular and pedestrian access, with plans to construct another.

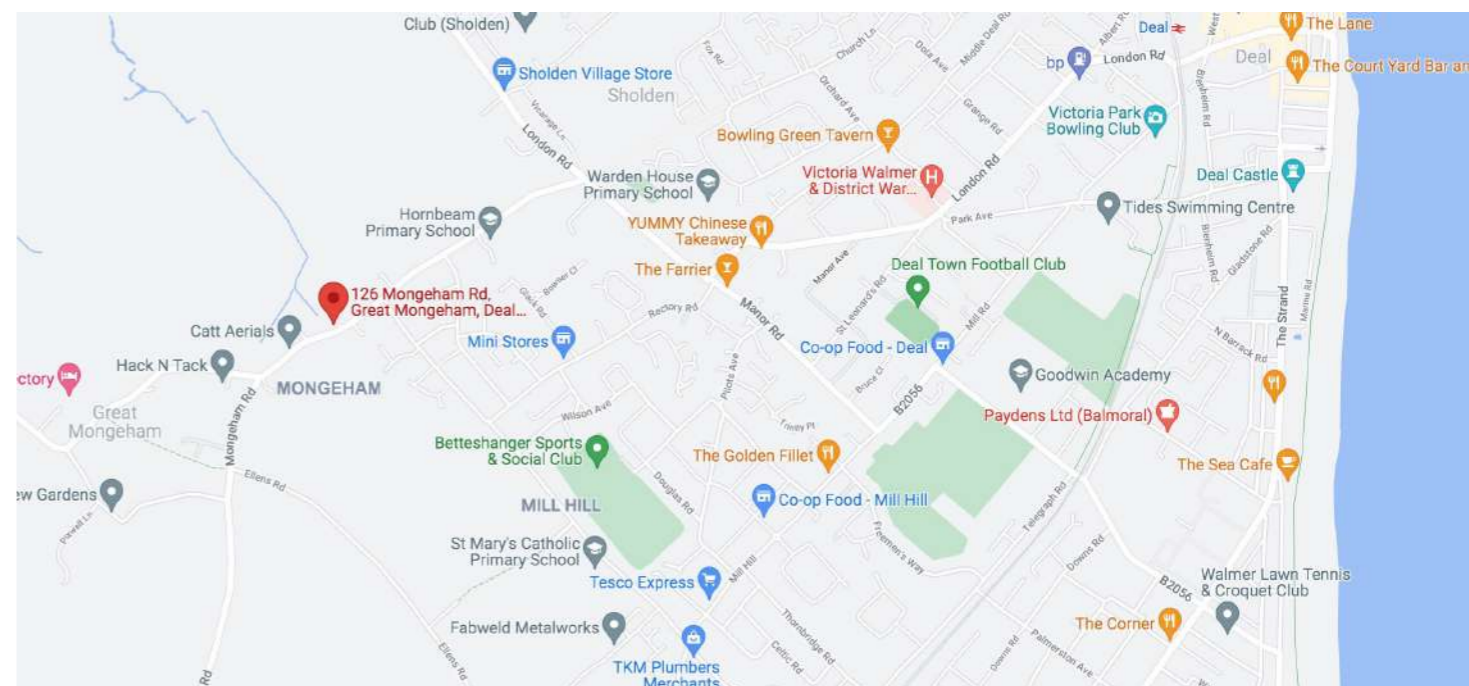

The design provides for 3 two-bedroom, 18 three-bedroom, and 4 four-bedroom privately owned houses, and a further ten affordable homes with between two and three bedrooms each. All have private gardens and parking, with extra visitor spaces situated around the site. It is anticipated the properties will be finished to a high standard commensurate with market expectations in the area.

Great Mongeham does not provide any amenities itself, but it is only two miles from the coast and the centre of Deal. Deal is an historic town on the coast of Kent, known since the 13th Century as a 'Limb Port' of the ancient Cinque Ports. Its pier is the last remaining fully intact pier on the Kent coast, and the seafront and quaint narrow streets of the older parts of the town display a wealth of interesting architecture and historical interest. There are two castles in Deal, which along with the usual seaside attractions, mean that it is a busy tourist destination. The town provides all the amenities required from independent shops, weekly markets and supermarkets including Tesco, Sainsburys and Aldi.

Transport links from Great Mongeham include hourly bus services to Deal. Walmer train station is 1.5miles from the proposed housing development. From here it is possible to travel to London via Dover Priory in 1hr23mins during peak times, and 1hr40mins off peak. The cathedral city of Canterbury and port of Dover are both close, as are the various seaside towns along that part of the Kent coast, including Ramsgate, Margate and Broadstairs.

The proposed housing development is behind an existing MOT service station which sits on a plot between the main road (Mongeham Road) and the development site. The developers are attempting to purchase this site, but is currently in situ. The site is at a popular location with good house price growth over the past year. The development will offer a mix of unit types and sizes which should appeal to buyers looking in the area. The site is next to a sewage pumping station which is on the south west boundary of the land and the valuation report highlights that the land is partially on an area designated as being at High Flooding Risk by the Environment Agency. The development design takes this area into account and no houses will be built on this part of the site.

Comparables

The following nearby properties have recently sold or are in the process of being sold. This information is provided to show current comparable property types available to potential purchasers, and their associated sale values.

Pottery Grove, Deal

This is a popular development in central Deal which has already sold out in phases one and two, whilst phase three is currently on the market. Plans for phase three have been altered following the success of phases one and two, so it now comprises more four-bedroom houses to reflect demand. All sales so far have achieved their asking prices.

Maynard Meadows, Great Mongeham

This is a development of twelve houses in the same village as the proposed development to be funded by the PDL. It is further from the centre of the village and further from Deal. It contains a variety of house types and sizes, and also includes affordable housing, but the properties are slightly larger. This development is currently under construction but five of the houses have already been sold off-plan.

Plot	Area sq. ft	Achieved Price	£ psf

3 bed semi detached house	1,666	£435,000	261

*All plots were sold in Q3 2021

Millers Retreat, Walmer

This is a large development situated within Walmer which is 1.5 miles from Great Mongeham. Its proximity to the train station means that it is more desirable than the development at Great Mongeham, but the units are similar in size and variety, comprising houses of between two and five bedrooms. It is being completed in three phases and the first phase is currently being marketed with the following sales achieved:

Plot	Area sq. ft	Achieved Price	£ psf
The Mill (4 bed)	1,568	£500,000	319
The Parr (4 bed)	1,151	£435,000	378

About the Developer

Kent Housing Developments Limited is owned and run by Ronald Moss and Inderjit Athwal. Between them they have several years of property development experience and a catalogue of successful projects completed. Inderjit has been involved in property development mainly around Essex and North London, but also in the North of England. Ronald has worked on various housing developments all over the UK, seeking to secure planning permission and build value into projects. This is their first venture together.

The team is augmented by the addition of Ray Taylor who has worked in the construction industry for nearly fifty years, overseeing developments and taking responsibility in a range of roles from project and financial management, to health and safety, and operations. Brian Cooke also joins the team providing architectural services and technical project management. He has more than thirty years experience and has worked with some of the UK's largest home builders including Barratt and Berkeley Homes.

Past projects

Enfield, North London

The development site was purchased for £1.3m. A new design for the site was created and planning permission obtained for six terraced houses and eight flats, as well as commercial space. The Gross Development Value was £6.2m, representing a profit of £2m.

Sandown Close, Orsett, Essex

The site here was developed to create seven new houses. Two were kept within the developer's property portfolio, but five were sold for £2.05m. This created a profit of £505k.

Percy Road, Ilford, Essex

Land was purchased at this site for £600k. Architect plans were drawn up to create eight flats and planning permission was granted. The cost of the build for this project was £700k. Each flat sold for £250k equating to £2m in total. This resulted in a profit of £700k.

Little Irchester, Northamptonshire

A development of nine flats and three bungalows was built in the small village of Little Irchester near Wellingborough. Financing was provided for £900,000 and the gross development value was £1.3m.

Farnham Common, Buckinghamshire

This was a privately financed build of two brand new luxury homes in the wealthy village of Farnham Common. These houses have only recently been completed and are currently on the market for £2.25m each.

Security

There will be multiple layers of security.

First:

Loans will be secured by way of a second ranking legal charge over the Property, in favour of the Security Trustee on behalf of Lenders. The charge will be registered with the land registry.

Second:

The Loans will be secured over the assets, property and undertakings of the Borrower via a second ranking debenture given to the Security Trustee on your behalf. The Debenture will be registered against the Borrower at Companies House.

Third:

The investment will also benefit from a guarantee from the Guarantor(s) which has provided a guarantee of the Borrower's obligations.

Fourth:

The principal amount of the aggregate of all Loans and the Loan advanced by the Senior Lender used to fund the development, shall not be greater than 75% of the Gross Development Value and 90% of the Loan to Cost of the property development.

HOW WILL THE LOANS BE REPAYED?

The principal source of repayment will be from cash retained after selling the completed units (i.e. sales proceeds after discharge of Senior bank funding).

Your investment will be used to finance the construction of 35 houses on the site at 126 Mongeham Road, Great Mongeham, Deal, Kent.

Who is The Borrower?

Kent Housing Developments Limited

Who is Crowdstacker?

Crowdstacker is a Peer to Peer investment platform authorised and regulated by the FCA. Crowdstacker matches companies such as Kent Housing Developments Limited that are seeking to raise finance with investors like you who are seeking to invest money.

What security do I have if the Borrower becomes insolvent?

Please refer to the security section.

Crowdstacker Security Trustee

Crowdstacker's associate Company, Crowdstacker Corporate Services Limited acts as Security Trustee.

The role of the Security Trustee is to:

- Hold on behalf of all Lenders the Security for the Loans over the assets of the Borrower, and the benefit of the Guarantee;
- Enforce the security over the Borrower in certain circumstances where the Borrower fails to repay interest and capital;
- Further information on the role of the Security Trustee can be found in clauses 18 and 19 of the Lender T&Cs.

Client Money

Crowdstacker may hold client money on your behalf, for example, prior to you making an investment or when collecting interest and capital payments from the Borrower for you.

This money is held on deposit with a UK bank in segregated client money accounts. In the event of this bank becoming insolvent, these deposits are protected against losses of up to a maximum of £85,000 per eligible client per bank under the Financial Services Compensation Scheme ('FSCS').

The limit applies to the total of all deposits held for you with that bank, whether held through Crowdstacker or directly with the bank. In the event that you were to suffer a financial loss directly as a result of Crowdstacker becoming insolvent you may be able to claim compensation from the FSCS of up to £50,000.

Following the relevant Commencement Date, we will transfer the full amount of the Loan monies to the Borrower. If the Loans do not satisfy the acceptance process, we will return your money to you.

Finally, we are also responsible for organising the payment of interest and repayment of your Loans to you once we have received payment from the Borrower.

The Risk Factors

In addition to the other relevant information set out in this Information Brochure the following specific risk factors should be considered carefully when evaluating whether to make a Loan.

If you are in any doubt about the contents of this Information Brochure or the action you should take, you are strongly recommended to consult a professional advisor specialising in advising on Loans, bonds, financial commitments and other such debt instruments.

The Borrower's management team believe the following risks to be significant for potential investors. The risks listed, however, do not necessarily comprise all those associated with the Borrower and the Loans, and are not intended to be presented in any assumed order or priority. In particular, Borrower's performance may be affected by changes in legal, regulatory and tax requirements as well as overall global financial conditions.

Not protected by the Financial Services Compensation Scheme

Risk

As with Stocks & Shares, Loans are not protected by the Financial Services Compensation Scheme against loss.

Business Risk

Risk

No assurances can be given as to the future performance of the Borrower and the Borrower will continue to achieve its business objectives.

Prospective investors should be aware when considering the past performance of the Borrower that past performance is not necessarily indicative of future results and there can be no guarantee that The Borrower will be profitable in the future.

Performance depends on many factors including the value of the assets, market conditions, any related costs, the timing and management of the transactions, all of which may change over time.

Mitigation

All project programmes are reviewed by a qualified Quantity Surveyor who is required to confirm that the project can be delivered as proposed.

Cost overruns

Risk

The costs to complete a project could be more than the amount forecasted. Projects normally have a 'contingency' to potential cost overruns, but this may not be sufficient to cover all cost overruns on some projects.

Mitigation

All project costs are reviewed by a qualified Quantity Surveyor who is required to confirm that the proposed budget has a reasonable contingency allowance for the project and that the developer or contractor has the relevant experience to complete the project within budget.

Time overruns

Risk

The time to complete a project may exceed the project timetable. This could result in additional interest costs leaving insufficient funds to repay the Loan.

Mitigation

All project programmes are reviewed by a qualified Quantity Surveyor who is required to confirm that the proposed timetable is reasonable for the project and to confirm that the developer or contractor has the relevant experience to complete the project within the set timetable.

If there are unforeseen delays, the Loan can be varied for up to a further 12 months with a potential corresponding increase in interest rate.

House price changes

Risk

The Borrower is exposed to the risk that the value of the property backing the Loan falls. This could be due to a general decline in house prices across the UK, more localised declines or a specific fall in the land or units comprising the security.

Mitigation

All projects are valued by a nationally recognised independent RICS Chartered Surveyor, confirming the expected value of the units on completion of the project.

Management Risk

Risk

Lenders will not have the opportunity to evaluate fully for themselves relevant economic, financial and other information, and will be dependent on the judgment and abilities of the Borrower's management of the development. There is no assurance that the Borrower's management will not make mistakes or take the best course of action in all the circumstances.

Accordingly, no person should lend unless they are willing to entrust all aspects of conducting the business to the directors and senior management of the Borrower. Investors do not have any right to participate in the day- to-day management of the Borrower or business decisions. Additionally, funds advanced to the Borrower are at risk of employee or management misappropriation.

Mitigation

All projects are monitored and reviewed by qualified quantity surveyors and tracked continuously to ensure the economic and financial risk is mitigated throughout the life of the project.

Illiquid Asset Risk

Risk

The Loans are not available for sale on any market, so the Loans are an illiquid asset. There is a risk that investors will not be able to dispose of their Loans to third parties.

Therefore, it may not be possible to sell or realise the Loans until they are repaid by the Borrower when the Loans mature.

Mitigation

Crowdstacker has a facility on its platform that gives investors the ability to sell their Loans to other members of the Crowdstacker community. However, there is no certainty or guarantee that investors will find willing buyers for the Loans at a price that investors will find acceptable, and investors may suffer a loss on a disposal of their Loans.

No Certainty that Investors will be Repaid at Maturity

Risk

If the Borrower were to become insolvent, there is a risk that (a) the Loans will not be repaid in part or in full, and (b) some or all of the interest due on the Loans will not be paid in part or in full. There is no certainty or guarantee that any realisation of assets or the Security will be sufficient to enable the Borrower or as the case may be the Security Trustee, to repay the Loans or the Borrower's liabilities.

Mitigation

The Loan will have multiple layers of security to mitigate against losses.

Single Asset Risk

Risk

The Loan is concentrated on a single development scheme, so presents a single asset risk. There is a risk that if the Borrower does not successfully deliver the development, they may not be in a position to pay interest or capital to Lenders.

Mitigation

PDLs are designed to lend to a range of experienced property developers on projects that are expected to be profitable under stressed conditions. It is however advisable to spread your capital across multiple property development loans.

Inability to Attract Buyers for the Completed Properties

Risk

Demand for the properties built by the Borrowers falls.

Mitigation

Currently there is a lack of available properties in the UK. Until more property supply becomes available in the market generally, the demand for properties is expected to remain high.

Insurance Risk

Risk

The Borrowers will be subject to damage and loss by the usual insurable risks of fire, theft and climatic events and by uninsurable risks such as loss of profit due to fall in demand or poor management and there is no certainty that the Borrower will not suffer loss and damage by such risks from time to time.

Mitigation

Crowdstacker carries out extensive due diligence both internally and through external experts prior to listing any development project.

Senior Lender Risk

Risk

The senior lender may take enforcement action over the borrower without consent from the Security Trustee.

Mitigation

The controlled release of funds against project milestones should ensure that any potential issues are identified early and addressed reducing the risk of unexpected enforcement action from the senior lender.

COVID 19

Risk

Various and unpredictable impacts of COVID 19 which could affect timings and budget.

Mitigation

The JCT Design and Build contract will enforce an agreed completion date and build cost on the contractors. A contingency is already built into the estimated build costs. The project manager will work to ensure potential delays of materials and availability of staff are already accommodated. Inflation of costs of materials already factored into build cost estimate.

Unforeseen Build Issues

Risk

Issues from flooding, subsidence, contractor incompetence etc

Mitigation

Surveys have been undertaken to evaluate potential issues. No significant risks identified. All contractors used will be fully vetted and fully insured.

Insolvency Event

Risk

Either the developer, main contractor, or subcontractor goes into administration in the course of the build.

Mitigation

The controlled release of funds against project milestones should ensure that enough value exists in the site to cover finance costs. There may be extra fees, premiums and risk events (fire, theft etc) that will need to be dealt with but should be covered by the contingency and/or the various insurance covers dependent on the issue.

Timely Discharge and Adherence to Planning Permission

Risk

Ensuring the Developer and all contractors on site adhere to the terms of the Planning Permission.

Mitigation

The terms of the "planning permission" were not unusual or onerous and it should be straight forward for them to be met. Project manager on site once a week, and the developer will be closely involved.

General Risks

Macroeconomic risks and changes in the general economic outlook, both in the UK and globally, may impact the performance of the Borrower and the property market. Such changes may include (but are not limited to):

Contractions in the UK economy or increases in the interest rates resulting from domestic or international conditions;

Property market fluctuations that will affect market prices for properties;

New or increased government taxes, duties or changes in taxation laws; and

A prolonged and significant downturn in general economic conditions may have a material adverse impact on the Borrower's financial performance.

Summary

The above risk factors are not exhaustive and they do not purport to be a complete explanation of all the risks and significant considerations involved in lending to the Borrower. Accordingly, and as noted above, additional risks and uncertainties not presently known or that they are currently deem immaterial, may also have an adverse effect on the Borrower's business and prospects.

Loans may not be a suitable investment for all who review this Information Brochure.

Investors should take their own tax advice as to the consequences of making an Loan Offer as well as receiving interest payments from them.

The value of a Loan may go down and you may receive back less than the full amount invested. In extreme circumstances you may not receive any capital back at all. Losses on your capital may arise due to a combination of lower sales prices achieved, a lack of sales and higher costs, inability to raise borrowings or an inability to meet debt payments.

Other than the obligations and other covenants set out in this Document, no representation or warranty, express or implied, is given to the Lenders by the Borrower.

In particular but without limitation, no representation or warranty is given by any such person or entity as to (i) the tax consequences; (ii) the regulatory consequences; and (iii) the business and investment risks associated with acquiring, holding or disposing of the Loans.

1.2. In these Loan TCs, unless the contrary intention appears:

1.2.1. the singular includes the plural and vice versa and any gender includes the other gender;

1.2.2. 'person' unless the context otherwise requires includes a natural person, a firm, a partnership, a body corporate, an unincorporated association or body, a state or agency of state, trust or foundation (whether or not having separate legal personality);

1.2.3. a 'natural person' unless the context otherwise requires shall mean a human being, as opposed to a juridical person created by law;

1.2.4. a reference to:

1.2.4.1. a document means that document as amended, replaced or Novated;

1.2.4.2. a statute or other law means that statute or other law as amended or replaced, whether before or after the date of this Loan Contract and includes regulations and other instruments made under it;

1.2.4.3. a clause or schedule is a reference to a clause or a schedule in these Loan TCs; and

1.2.4.4. a month means a calendar month;

1.2.5. where the word 'including' or 'includes' is used, it is to be taken to be followed by the words: 'but not limited to' or 'but is not limited to', as the case requires;

1.2.6. where a period of time is expressed to be calculated from or after a specified day, that day is included in the period;

1.2.7. headings are inserted for convenience and do not affect the interpretation of these Loan TCs.

2. The Loan

2.1. The Key Commercial Terms that govern a Loan Contract are agreed between the Borrower and the Lender during the Loan Offer and Acceptance process.

2.2. Where a Lender makes a Loan Offer which results in an Acceptance by the Borrower this gives rise to a Loan. The date of the Loan Contract shall be the relevant Commencement Date.

2.3. These Loan TCs set out the terms and conditions which apply in respect to a Loan made by the Lender to the Borrower.

2.4. Before Acceptance the Lender will have made payment of the Loan Amount to the Client Account held by Crowdstacker.

2.5. After Acceptance Crowdstacker will pay the Loan Amount from the Client Account to the Borrower within 7 Business Days of the Commencement Date. For the avoidance of doubt Crowdstacker is only obliged to pay from the Client Account what sum it receives in respect of the Loan Amount from the Lender and no more.

2.6. A Borrower may enter into multiple loans with a number of Lenders where all loans are on similar terms.

2.7. The Borrower agrees to comply with the terms of the Borrower TCs, the Financial Covenants and the Property Development Lending Conditions until repayment of the Loan and all Comparable Loans on the Repayment Date or if earlier repayment in full of the Loan and all Comparable Loans.

3. Repayment

3.1. The Borrower agrees to repay the Lender the Loan Amount at the times and in the Instalments if any shown in the Key Commercial Terms and in any event by the Repayment Date.

3.2. The Borrower agrees to make all payments due under the Loan on time.

3.3. If the Borrower is late in paying an interest payment or Instalment, or repaying the Loan Amount the Lender and Crowdstacker will have the rights detailed in clause 9.

3.4. The Borrower will effect repayment of the Loan Amount by crediting the Client Account with the Loan Amount. On receipt of the Loan Amount Crowdstacker will pay the Loan Amount from the Client Account to the Lender within 8 days of the Repayment Date. For the avoidance of doubt Crowdstacker is only obliged to pay from the Client Account what sum it receives in respect of the Loan Amount from the Borrower and no more.

3.5. All payments by the Borrower will be made without deduction of tax.

3.6. All payments by the Borrower to the Lender will be in the following order of priority:

3.6.1. first towards paying any arrears on the Loan;

3.6.2. second towards paying the current interest and principal due in respect of the Loan.

4. Interest

4.1. The Borrower agrees to pay the Lender interest on the Loan balance at the Interest Rate.

4.2. Interest on the Loan balance shall accrue daily at the Interest Rate from the Commencement Date to the Repayment Date or if earlier on the date of actual repayment of the Loan.

4.3. Interest on the Loan balance shall be compounded and added to the Loan balance on a monthly basis.

4.4. Accrued Interest on the Loan balance shall be paid together with Loan balance on the Repayment Date or if earlier on the date of actual repayment of the Loan.

4.5. If the Interest Payment Date falls on a day which is not a Business Day, it shall instead be paid on the next Business Day in that calendar month if there is one or the preceding Business Day if there is not. 4.6. If the Loan is not repaid in full within 14 days of the Repayment Date, interest shall accrue on the Loan at 2 times the Interest Rate and be immediately due and payable as it accrues.

5. Administration Costs

5.1. The Borrower agrees to pay Crowdstacker the administration costs at the yearly Administration Rate on the Gross Development Value.

5.2. The Administration costs on the Gross Development Value shall accrue daily at the Administration Rate from the Commencement Date to the Repayment Date or if earlier the date of actual repayment of the Loan and shall be compounded on a monthly basis and add to the outstanding balance until the Loan has been repaid.

5.3. If the Loan is not repaid in full within 14 days of the Repayment Date, the Administration Rate shall accrue on the Loan at 2 times the Administration Rate and be immediately due and payable as it accrues.

6. Early Repayment

6.1. The Borrower may repay a Loan early (i.e. before the Repayment Date), but it has to repay the entire Loan Amount and the entire loan amount of all Comparable Loans.

6.2. Where the Borrower repays a Loan early the Borrower may be subject to paying an Early Repayment Charge to the Lender.

7. Transfer by Novation

7.1. Each Lender may transfer by novation its right, title and interest in any Loan Contract and all associated rights under the Lender TCs to any other registered Lender on the Crowdstacker Platform and as set out in the Lender TCs and the Borrower TCs.

7.2. The Security Trustee can compel the Lender to transfer by novation its right, title and interest in any Loan Contract and all associated rights under the Lender TCs to the Security Trustee for the purpose of the Security Trustee taking action to recover the Loan or for protecting the interest of the Lender but only if a Loan goes into default and as set out in the Lender TCs and the Borrower TCs, and the Security Trustee may subsequently assign or transfer all such rights, title and interest in the Loan to a third party for the same purposes.

7.3. The Borrower's rights and obligations under a Loan Contract that have been transferred shall not be adversely affected in any way whatsoever.

7.4. A Borrower shall not be entitled to assign or transfer its rights or obligations under any Loan Contract.

7.5. A transfer by novation shall be effected by electronic means upon the acceptance by the new Lender of an offer by the transferring Lender to sell a Loan Contract in accordance with the transfer provisions as set out on the Website. The new Lender shall make payment of the agreed transfer amount to Crowdstacker who will collect payment on behalf of the Lender in accordance with the transfer provisions as set out on the Website.

7.6. A transfer by novation of the Loan to the Security Trustee shall be effected by such methodology as is determined by the Security Trustee.

7.7. At the time of entry into a transfer by novation (the "Transfer Time") the Borrower and the transferring Lender shall be released from further obligations towards one another under the relevant Loan Contract (being the "Discharged Obligations"). The Borrower and the new Lender shall at the Transfer Time assume those Discharged Obligations towards one another, as if the new Lender's

details originally appeared in the Key Commercial Terms in place of the transferring Lender. The new Lender will then become the Lender under that Loan Contract. The Borrower confirms its agreement to these arrangements and waives any requirement for it to be a party to such transfer. A transfer by novation will not otherwise have any effect on the Key Commercial Terms applicable to that Loan Contract.

7.8. At the time of entry into a transfer by novation to the Security Trustee the Borrower and the transferring Lender shall be released from the Discharged Obligations. The Borrower and the Security Trustee shall at that time assume those Discharged Obligations towards one another, as if the Security Trustee's details originally appeared in the Key Commercial Terms in place of the transferring Lender. The Security Trustee will then become the Lender under that Loan Contract. The Borrower confirms its agreement to these arrangements and waives any requirement for it to be a party to such transfer. A transfer by novation will not otherwise have any effect on the Key Commercial Terms applicable to that Loan Contract.

7.9. Any fees charged by Crowdstacker for administering a transfer by novation shall be paid by the relevant Lenders in accordance with the Lender TCs, and the Borrower shall not be liable for any fees in connection with the transfer.

8. Information

8.1. If the Borrower is, or at any time becomes aware of any of the following circumstances, then the Borrower will promptly provide to Crowdstacker full written details of such circumstances, claims or potential claims:

8.1.1. Circumstances (including without limitation any claims, undisclosed liabilities, litigation, arbitration, court proceedings or investigations which are current, threatened, pending or otherwise reasonably likely to occur against the Borrower by any third party) which could or might result in a material adverse change in the Borrower's financial condition, business or assets; and/or

8.1.2. any current or future claim (or potential claim) by HM Revenue & Customs (or any other governmental department or agency or other public body) against the Borrower.

8.2. The Borrower shall, from time to time, on request from Crowdstacker, provide Crowdstacker with such information as it may reasonably require about the Borrower's financial condition, business and affairs, and compliance with the terms of the Loan Contract.

9. Variation

9.1. Notwithstanding any other clause in the Loan TCs, in certain circumstances and in its absolute discretion, Crowdstacker (acting as agent on behalf of the Lenders) may agree with the Borrower, generally if Crowdstacker is approached by the Borrower within 3 months of the Repayment Date, to restructure the Loan and amend the Loan Contract so as to increase the term by one year, with a corresponding increase in the interest rate to 1.5 times the Interest Rate and a corresponding increase in the Administration Rate to 1.5 times the Administration Rate unless otherwise specified in the Key Commercial Terms under the "Loan Variation Term" section.

9.2. For the avoidance of doubt, no such restructuring can take place without the written agreement of the Borrower. The Borrower acknowledges and agrees that Crowdstacker may require additional and/or restated security documentation to be executed by the Borrower (and any third party or guarantor as the case may be), or independent advice to be taken by the Borrower, each as a precondition to any restructuring.

10. Termination Event of Default

10.1. The Borrower agrees that Crowdstacker and /or the Security Trustee may, on the Lender's behalf terminate the Loan and all Comparable Loans on behalf of all Lenders and demand repayment of the full Loan Amount owed by the Borrower under the Loan and each Comparable Loan if:

10.1.1. the Borrower or any guarantor misses, fails to pay or only partially pays any amount that is due under the Loan Contract;

10.1.2. the Borrower has provided false information (including without limitation the purpose for which the loan has been requested) in a way which affects the decision to allow the Borrower to register as a member of Crowdstacker, the decision to list details of the loan on the Website, or the information that is provided to Lenders in contemplation of their

lending to the Borrower;

10.1.3. the Borrower has breached the terms of this Loan Contract and/or any other loan contract. That it is a party to (including those relating to a different loan on Crowdstacker) and, in respect of other loan contracts only, either notice has been given to the Borrower ending that loan contract or Crowdstacker has reasonable grounds to believe that as a result:

10.1.3.1. the Borrower will also breach the terms of this Loan Contract; or

10.1.3.2. any of the other events of termination stated in this clause will occur;

10.1.4. the Borrower has breached the terms of any Security Document or any Security Trust Deed that it is a party to or any future security which the Borrower has provided to the Security Trustee or for the benefit of the Lender;

10.1.5. the Borrower fails to comply with any provision of the the Borrower TCS and/or the Property Development Lending Conditions (other than a failure to pay);

10.1.6. a petition is presented which is not discharged within 10 business days, or an order made or an effective resolution passed for the winding up or dissolution or for the appointment of a liquidator of the Borrower;

10.1.7. the Borrower ceases to pay its debts or is unable to pay its debts as they fall due or is deemed by legislation, contractually or by a competent court unable or admits its inability to do so or makes a general assignment for the benefit of or a composition with its creditors;

10.1.8. the Borrower ceases to carry on its business or a substantial part of its business;

10.1.9. notice is given of an intention to appoint an administrator, a petition is filed or a competent court makes an order for the appointment of an administrator in relation to the Borrower;

10.1.10. an encumbrancer takes possession or steps are taken for the appointment of an administrator or receiver or administrative receiver or manager or supervisor or sequestrator over the whole or any substantial part of the undertaking or assets of the Borrower;

10.1.11. any person who has provided a guarantee for the Loan or any Comparable Loans breaches the terms of any guarantee or other Crowdstacker document that it is a party to, or disputes or threatens to dispute

the enforceability of that guarantee or other document, or suffers or is likely to suffer a material adverse change to their financial position, or Crowdstacker has any reason to believe that a guarantee or security document has become unenforceable, and in any case, a replacement guarantee or security document has not been provided to Crowdstacker's reasonable satisfaction within 14 days of a request from Crowdstacker;

10.1.12. the Borrower (or if any person who has provided a guarantee for the Loan) dies, becomes of unsound mind, becomes bankrupt or makes a voluntary arrangement with anyone that they owe money to;

10.1.13. where the Borrower is a partnership, the composition of the partnership materially, in the reasonable opinion of Crowdstacker, changes following the date of any Loan Contract or any partner dies, becomes of unsound mind, becomes bankrupt or makes a voluntary arrangement with anyone that they owe money to; or

10.1.14. if a claim by HM Revenue & Customs (or any other governmental department of agency or other public body) is, or is reasonably likely to be adversely decided against the Borrower and the Borrower does not meet any payment obligation relating to that claim within the required period;

10.1.15. if the Borrower fails duly to perform or comply with any Financial Covenant or any obligation (other than an obligation to pay principal or interest), including a breach of a covenant or warranty or undertaking under these Loan TCs or any of the Security Documents or any other agreement (including a breach of any Financial Covenant under any loan monitoring agreement or term sheet) to which the Borrower is party that the Security Trustee considers in its sole discretion (acting reasonably) to be a material agreement of the Borrower, and if such breach is (in the reasonable opinion of the Security Trustee) capable of remedy, such failure continues for five Business Days after written notice has been given by the Security Trustee to the Borrower requiring remedy thereof

11. Security & Enforcement

11.1. Where indicated in the Key Commercial Terms, the Security shall be held for the benefit of the Lender and all Lenders of Comparable Loans by the Security Trustee on the terms of the Security Trust Deed.

11.2. If an event of default has occurred under clause 10.1 or under any Security Document the Security Trustee is entitled to enforce the Security on the terms of the Security Trust Deed and or the terms of the Security.

11.3. The Security shall constitute continuing security for the Loan and all other monies and liabilities (including any contingent liabilities) owing or due to or incurred by the Lender in any manner whatsoever.

11.4. All documents comprising the Security must be in form and substance acceptable to both Crowdstacker and its Solicitors in all respects.

11.5. While the Security Trustee retains any part of the Security, the Borrower will not sell or otherwise dispose of, or grant any lease, licence or other interest whatsoever in any subject matter comprised in the Security nor create nor allow to be created any mortgage, charge or other encumbrance thereon nor incur any Indebtedness (save for the Senior Debt), without the prior written consent of Crowdstacker or the Security Trustee.

12. Waiver

12.1. A waiver of any right under the Loan Contract and Loan TCs is only effective if it is in writing and it applies only to the party to whom the waiver is addressed and to the circumstances for which it is given or is set out in the Key Commercial Terms.

12.2. Unless specifically provided otherwise, rights arising under the Loan Contract and the Loan TCs are cumulative and do not exclude rights provided by law.

12.3. Any waiver by either party of a breach of any provision of the Loan Contract or the Loan TCs shall not be considered to be a waiver of any other or later breach of the same, of any other provision.

13. Severability

13.1. Notwithstanding that the whole or any part of any provision of the Loan Contract or the Loan TCs may prove to be illegal or unenforceable, the other provisions of the Loan Contract or the Loan TCs and the remainder of the provision in question shall continue in full force and effect. In relation to any illegal or unenforceable part of the Loan Contract or the Loan TCs, the parties hereto agree to amend such part in such manner as may be requested from time to time by any of the parties hereto provided that such proposed amendment is legal and enforceable and to the maximum extent possible carries out the original intent of the parties in relation to that part.

14. Representations

14.1. The Borrower confirms that, in entering into this Loan Contract, it has not relied on any representation made by or on behalf of Crowdstacker or any of the Lenders or on any written statement, advice, opinion or information given to the Borrower in good faith by or on behalf of Crowdstacker or any of the Lenders; and has been and will continue to be solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with this Loan Contract.

15. Restrictions

15.1. In entering into this Loan Contract, the Borrower agrees that it will not borrow any monies from its directors, officers, members, partners, shareholders or any other third party that ranks in priority of recovery to the Loan. In the event that the Borrower does enter into any such loan, the rights to payment of that loan will be subordinated behind the Loan, except to the extent otherwise required by insolvency law.

15.2. In entering into this Loan Contract, the Borrower agrees that it will not enter into any other new borrowing arrangement (or any arrangement having the effect of a borrowing) with any third party where the total amount of external finance raised from third parties would as a result exceed 30% of the total amount lent to the Borrower through the Crowdstacker Platform without the prior written consent of Crowdstacker. Such

consent shall not be unreasonably withheld. This clause shall not restrict the Borrower from entering into asset-specific financing or invoice purchasing arrangements.

16. Limited Liability Partnerships

16.1. In the event that the Borrower is a partnership, by entering into the Loan Contract the Borrower makes the following declaration: "I confirm that I am authorised by the partnership to enter into this agreement for and on behalf of the partnership and that I am authorised by the partnership upon entering into this agreement to bind the partnership to the terms of this agreement."

17. Third Parties

17.1. The Borrower and Lender agree that, while Crowdstacker is not a party to the Loan Contract, Crowdstacker may take the benefit of and specifically enforce each express term of the Loan Contract and any term implied under it pursuant to the Contracts (Rights of Third Parties) Act 1999 on behalf of the Lender.

17.2. The records kept by Crowdstacker shall be conclusive of the facts and matters they purport to record except where there is an obvious error.

18. Notice

18.1. Any notice or other communication to be given under the Loan Contract or the Loan TCs must be in writing and will be served by delivering it personally or by email and for the attention of the relevant party mentioned below (or as otherwise notified by that party). Any notice will be deemed to have been received:

18.1.1. if delivered personally, at the time of delivery;

18.1.2. in the case of email, at the time of transmission.

18.2. The addresses of the parties for the purposes of Loan Contract or the Loan TCs are as set out in the Key Commercial Terms, or such other address as may be notified in writing from time to time by the relevant party to the other party.

19. Governing Law & Jurisdiction

19.1. The Loan Contract and the loan TCs and any disputes or claims arising out of or in connection with them or their subject matter or formation (including non-contractual disputes or claims) are governed by, and construed in accordance with, the law of England.

19.2. The Lender and the Borrower irrevocably agree that the courts of England have exclusive jurisdiction to settle any dispute or claim that arises out of or in connection with the Loan Contract and the Loan TCs or their subject matter or formation (including non-contractual disputes or claims)

Risk Warning

The Crowdstacker platform matches businesses looking to borrow with investors looking to invest. Although investing can be rewarding, it may involve a number of risks. If you choose to invest through Crowdstacker, you need to be aware of four important considerations:

1. Loss of capital

All investment involves an element of risk. Past performance of any company, including those with good cash flow and a healthy balance sheet, may not be a good guide to their successful performance in the future. Lending to businesses via bonds, loan notes and peer to peer Loans can lead to a loss of your capital if they default. You should not invest more money than you can afford to lose.

2. Illiquidity

Any investment you make through Crowdstacker will be highly illiquid. There is currently no active secondary market, although investments are transferable if you can find a willing transferee. Even for a successful investment that is being repaid on time, the underlying principal debt you have invested may not be accessible to you until the investment expires. In particular, if you are over the age of 60 at the time of investing you should consider the effect this illiquidity could have on your lifestyle.

3. Diversification

Lending to businesses via bonds, Loan notes and peer to peer Loans should be done as part of a diversified portfolio. This means that you should invest small amounts in multiple asset classes as opposed to a large amount in one or a few. You should also invest only a small proportion of your investable capital in this asset class, with the majority of your investable capital invested in safer, more liquid assets. You can further diversify by lending to multiple businesses on the Crowdstacker platform as opposed to just one.

4. Tax

You are responsible for the administering of your own tax affairs, which may include capital gains and income tax. We do not provide tax advice, and you should seek this independently before investing if you are unsure of your position. It is your responsibility to ensure that your tax return is correct and is filed by the deadline and any tax owing is paid on time. If you are unsure how this investment will affect your tax status, you must seek professional advice before you invest.
