

Deans Close PDL
Spring 2025 Update

Deans Close is a development of four modern family homes on the outskirts of Brighton.

In recent months good progress has been made and all the houses are nearly complete externally, except for the windows.

Internally the first fix has been completed and the insulation is in place, ready for boarding and plastering. The staircases have been installed.

The kitchens and bathrooms have been ordered and will be delivered to site for installation soon. The team expect to complete the internal work in the Spring.
